TWO INJURED IN WEEKEND CAR CRASHES

Two women were injured in weekend automobile accidents.

Saturday afternoon at 4:15 o'clock, Jesse James Fulton III, 18, of Hagerstown, lost control of his 1963 car on a patch of ice on Warren Avenue on the battlefield about 500 feet east of the intersection with the Devil's Den Rd. The car then crashed into a large boulder along the avenue.

National Park Chief Ranger John Rogers said Fulton suffered superficial scratches of the face, knees and right wrist.

A passenger in his car, Pamela Kinch, 17, Hagerstown, however suffered numerous lacerations of the face and a fractured jaw. She was removed to the Warner Hospital where 45 stitches were required to close the cuts on her face.

SUNSHINE TRAIL CRASH

Deputy Clerk of Courts Kenneth W. Johns, who is a battle-field guide, was one of the first at the scene, and took the young woman to the hospital. Damage to the car was estimated at \$600. Chief Ranger Rogers, who investigated the accident, took the occasion to urge everyone to use seat belts. He said that had there been the seat belts the young woman would not have been injured. He added: "It is a heart-breaking sight to see someone so young hurt so badly when it is unnecessary."

The other woman injured in the weekend auto accidents was Mrs. M. Diane Small, 31, Fairfield R. 2, who suffered a broken right shoulder in a crash on the Sunshine Trail, five miles west of Fairfield, at 2 o'clock Sunday morning.

State police said the injured woman was a passenger in a car operated by James Edward Small, 30, Fairfield R. 2, which had been traveling east on Route 16. Small, police said, attempted to pass another east-bound car, driven by Daniel DeWitt Summers, 18, of Westminster R. 1, and the two cars collided, causing \$900 damage to the Small auto and \$200 to Summers' vehicle. Mrs. Small was removed to the Warner Hospital here by the Gettysburg's firemen's ambulance.

19 Persons Are Trampled To Death

GUADALAJARA, Mexico (AP) — Nineteen persons were reported trampled to death or suffocated and more than 40 others injured Sunday night when a crowd panicked at a popular music festival.

Police said some 7,000 fans leaving an arena, usually used as a bull ring, clashed head-on with 5,000 others trying to enter.

Six children were among the dead.

JANUARY WAS COLD, SHORT ON RAINFALL

A cold snap at the end of the month and even colder weather in the middle of January pushed last month's average temperatures below normal.

The month which ended Sunday got 12.5 inches of snow here but melted snow and rain totaled only 2.62 inches and left January a third of an inch short of normal.

The dry beginning for 1965 follows a year in which rainfall was almost 10 inches short of normal. The accumulated shortage of rain here in the last four years, up to January 1 of this year, was almost 28 inches.

FIFTH COLD JANUARY

The low temperature for last month was one below zero on January 15, far from a record for January. The high reading for the month was 55 on January 8 and 9.

Temperatures last month averaged 28.19 degrees. Normal is 32.7 degrees but this was the fifth consecutive January with below normal temperatures in Gettysburg. The average daily high was 37.06 degrees and the daily low readings averaged 19.32 degrees.

Measurable amounts of rain or snow fell on 10 days last month, considerably short of January of last year when the rainfall totaled 4.2 inches and made that month one of the few last year with a surplus of precipitation. Normal for January is 2.92 inches.

Snow, drifting, sleet, freezing rain and fog were weather conditions last month that made travel hazardous on a number of occasions and closed some county schools for one day.

ARENDTSVILLE REPORT

HITS DELAY IN EDUCATION

HARRISBURG (AP)—Pennsylvania cannot wait for the completion of a master plan for education, says Joshua Eilberg, the Democratic House majority leader.

The Philadelphia legislator in a statement this weekend charged Gov. Scranton with a "foot-dragging, wait-and-see attitude" in education.

"Frankly there can be no waiting for another master plan which reportedly will not be ready until next year. That would mean it (the plan) would be confronting the legislature in a session restricted to fiscal matters," Eilberg said.

The bipartisan Citizens' Committee on Education during the (preceding Democratic) Lawrence Administration recommended some definite, far-reaching proposals which could be acted upon responsibly, now," he said.

DOCK WORKERS STUDY NEWEST WORK TREATY

BALTIMORE (AP)—A revised contract went to rank-and-file Baltimore longshoremen today with the blessings of union leaders as docks from Maine to Texas stood idle for the 22nd day.

In three other ports dockworkers continued to bargain for new work agreements based on the so-called New York master contract approved more than a week ago.

Atlantic and Gulf coast ports have been shut down since Jan. 10 when the AFL-CIO International Longshoremen's Association went on strike.

LOCAL VOTING

Members of the six locals here began voting at 8 a.m. on a contract hammered out over the weekend at bargaining sessions attended by Thomas W. Gleason, leader of the 60,000 striking dockers.

Gleason, ILA president, described the new Baltimore agreement as "better than New York's," and put his weight behind it, as have the leaders of the six locals.

Officials of four of the locals had asked a negative vote on a proposal that was rejected last Wednesday 1,371 to 1,016.

CHANGES HOPEFUL

Several changes, including the elimination of a controversial jurisdictional clause, have led Gleason and ILA Vice President William Haile to predict ratification today.

Gleason, before he left Baltimore Sunday, spoke of "terrific pressure" being applied by Washington to get the strikers back on the job.

The strike has cost the nation's economy an estimated \$1 billion.

In Miami, where terms are set for ports in the South Atlantic district, shippers and union leaders met at 10 a.m. today after a standoff of more than a month.

REYNOLDS PRESENT

Assistant Secretary of Labor James Reynolds, who left stalled negotiations in Galveston, Tex., was on hand for the Miami talks.

Further discussions were set in Philadelphia, another unsettled port, for 2 p.m. today. Federal mediator John Murray said the central issues were the 1,600-hour work guarantee included in the master contract and management's request for greater flexibility of work rules.

Longshoremen in New York, Boston, New Orleans and Baton Rouge, La., have agreed to terms on the four-year master contract.

ACTRESS HAS PERFECT BABY

PHOENIX, Ariz., (AP) — Sherri Finkbine, television performer whose 1962 abortion created an international controversy, gave birth Friday to a daughter, her fifth child.

Her husband, Robert, a school teacher, said Sunday his 32-year-old wife and their new child "are perfect." The Finkbines now have three girls and two boys. The oldest is 9.

Mrs. Finkbine, hostess of a children's television program in Phoenix for several years, sought the abortion after disclosing she had taken the drug thalidomide. The drug was blamed for the birth of hundreds of deformed babies in Western Europe and a few in the United States and Canada.

After her plea was turned down by a Phoenix court, Mrs. Finkbine had the abortion in Sweden. Doctors there said the child would have been deformed.

"HE WAS BRITAIN"

"To those men Winston Churchill was Britain. He was the embodiment of British defiance to threat, courage in adversity, calmness in her danger, moderation in her success.

"Among the Allies his name was spoken with respect, admiration and affection. They loved to chuckle at his foibles. But they knew he was a staunch friend.

"They felt his inspirational leadership; they counted him a fighter in their ranks.

"The loyalties that the fighting forces of many nations here serving gave to him during the war were no less strong, nor less free, given, than he had in such full measure from his own countrymen.

"An American, I was one of those Allies during those dramatic months.

"I was privileged to meet, to talk, to plan and to work with him for common goals. Out of that association an abiding and, to me, precious friendship was forged.

FRIENDSHIP FLOWERS

"It withstood the trials and frictions, inescapable among men of strong convictions living in the atmosphere of war.

"The war ended. Our friendship flowered in the later and more subtle tests imposed by international policies.

"Then each of us, holding high official position in his own nation, strove together to show the strength of our two peoples, that liberty might be preserved among men, and the security of the Free World wholly sustained.

"NO FEAR OF DEATH"

"Through a career during which personal victories alternated with defeats, glittering praise with bitter criticism, intense public activity with periods of semiretirement, Winston Churchill lived out his four score years and 10, with no thought of the length of the time that he might be permitted on earth.

"He was far more concerned with the quality of the service he could render to his nation and to humanity.

"Though he had no fear of death, he coveted always the opportunity to continue with his service.

"SAD GOODBYE"

"At this moment," he said, "as our hearts stand to attention, we say an affectionate though sad goodbye to the leader to whom the entire body of free men owes so much.

"In the coming years, countless words will strive to interpret the motive and describe exactly the virtue of Sir Winston Churchill, leader, statesman, citizen, that two great countries were proud to claim him as their own.

"Of the many things so written and spoken there will ring out through all centuries one incontestable refrain:

"Here was a champion of freedom!"

"May God grant that we and the generations who will remember him heed the lessons he taught us in his deeds, in his words, in his life.

"May we carry on his work until no nation lies in captivity, no man is denied opportunity for fulfillment.

"And now, to you Sir Winston, my old friend, farewell."

2 COUNTIANS ARE NAMED TO ADVISORY UNIT

Dr. Roy W. Gifford, surgeon at the Warner Hospital here, and Gilbert Zeigler, Abbottstown, were two among eight residents of the York-Adams-Cumberland district named by Congressman N. Neiman Craley Jr. Saturday as an advisory and fact-finding group on federal health insurance proposals now before congress.

The congressman said he anticipated naming several additional members to the committee within the next few days.

The committee, representing both medical and lay interests, will organize and begin deliberations February 11 at 7:30 p.m. in the nurses' auditorium at York Hospital.

TO HOLD MEETINGS

According to the congressman, the committee will hold open meetings in all three counties of the district to provide an opportunity for any groups or individual citizens to make their views known to the committee.

Congressman Craley said those named to the committee are "people of competence and a desire to help. We are also trying to spread the professional and lay representation as widely as possible."

Others on the committee so far, in addition to the two Adams Countyans are Edward B. Clinch, York; James R. Doran, Robert D. Reeser and Richard D. Rife, all of Camp Hill; Garrett P. Snyder, York and Dr. David Thompson, Carlisle.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

ONE HUNDRED YEARS AGO

Mr. H. P. Bigham has been appointed Postmaster at Greenmont in place of J. Alexander Harper, resigned. Mr. Harper has been a prisoner in the hands of the rebels since the battle of Gettysburg. Mr. Albert T. Barker has been appointed Postmaster at Littlestown, in place of Matilda Jones, resigned.

John Burns, one of the heroes of Gettysburg, is being lionized in the city of Washington. He was formally received by the loyal Pennsylvania residents in the metropolis and is a welcome guest in high social circles as he should be, one of the veteran heroes of the war.

The "Globe Inn," York Street, for the last year kept and owned by Ex-Sheriff Wolf, has been sold to Mr. Samuel Eicholtz of Arendtsville for \$6,400, who will take possession on the 1st of April.

Our enterprising neighbor, Mr. E. H. Minnigh, informs us that he is just opening a very large stock of Comic and Sentimental Valentines for the accommodation of the public, who always wish to have something of the kind ready for St. Valentine's day. And those who happen not to have their thoughts in this way will find every other kind of "good things" suited to their tastes. Country storekeepers supplied at wholesale prices. Give him a call.

We are called upon to record another sad and fatal accident from the careless use of firearms. On Tuesday week, two little boys, children of Mr. Hiram Eshelman at Fairfield, were playing with the barrel of a gun, which had been picked up after the army left that place. The children, it seems were in a room and while the older of the two placed the breech of the barrel in the stove, he called on his little brother to put his ear to the other end "to hear something," when the gun discharged the contents passing through the head of the boy and causing almost instant death. The lad was about 7 years old and what adds to the sadness of the affair is the fact that his father is absent in the army. We do not know when we have been called upon to record an accident so distressing. It is another sad warning against the danger of handling shells and cast away guns which are daily picked up on the battlefield.

SEVENTY-FIVE YEARS AGO

The "rebel yell" was heard, we hope, for the last time in the House yesterday when obstructionist Bland, wild with rage, denounced the speaker as the "worst tyrant that ever presided over a legislative body" and added "I denounce you." Well, the termination of the fight did not call out "the rebel yell." The Speaker's victory would have justified a volley of good, loyal Republican cheers but the majority respected the anguish of the beaten obstructionist and refrained. One thing above all others about Speaker Reed is that he can't be bulldozed by a gang of ex-Reels. When he sees his way clear and right he sails through things like a sharp knife cutting cheese. The thud of his sitting down on the Southern yellers in the house on Wednesday could be heard for a long distance.

Today's Talk

LIFE IN OTHERS
Can there be anything more comforting and inspiring than to feel that you have helped to maintain life in others?

We are more interdependent upon others than we realize. We feel this when we find ourselves far away from everyone. There are memories, however, and that rare acquaintanceship with oneself that help so much to nourish so many silent hours when far from friends and home. Others then maintain life with us.

The finer qualities of one's mind and heart are extremely contagious. How often we hear the expression: He (or she) reminds me so much of —. We all have so much in common. But it's what we spread out, and give freely away, that distinguishes any of us. It's the life in others that maintains all friendships.

Each of us undoubtedly has traits that have come down to us from scores of generations. And not wholly through blood, but through the influence of blood. Great characters always radiate and uplift, no matter where they move and have their being.

In "The Power Within Us," an inspiring little book written by Haniel Long, some years ago, there is this statement: "The power of maintenance life in others lives within each of us, and from each of us does it recede when unused." Not until we begin to give ourselves away do we come to realize how wonderful it is to have the power of influence and to keep it functioning.

None of us stand alone. There are scores of invisible hands that are forever outstretched to hold us steadily upon our feet. We rarely think of this. Some loved one is always near. To give us hope and confidence. To fortify our faith. Influence cannot be measured with a yardstick. Like the breeze that bends the tree, it has no dividing line. It keeps traveling.

One keeps thinking of the loved ones who have journeyed out of life here upon the earth, but whose rare substance of themselves remains to continually comfort and inspire. Nature is eternally creative. Just so are love's finger-prints — imperishable, wherever they have touched. Life in others goes on and on. And none of us can give of ourselves without a healthy and wholesome comeback.

Just Folks

OLD POETS' WORLD

Gray poets of the golden past,
How little could you see
Into the future, dark and vast,
Which now has come to be.

Your world was large; your oceans wide,
Your miles mere minutes long,
Your vessels waited for the tide,
You knew no deathless song.

No man has flown your spacious skies
Nor scorned your raging streams.
The wonders now to which we rise
Were but your wildest dreams.

And reading you in modern light
With all that's come to be,
I think: "What goals beyond our sight
Tomorrow's youth may see!"

HAWKS BLANK MONTREAL 3-0

By THE ASSOCIATED PRESS
Chicago Black Hawk fans may change their tune from Never On Sunday to Canadian Sunset if that new group called Denis and the Scooters keeps up the close harmony.

The Hawks, still seeking their initial National Hockey League title, gained ground on league-leading Montreal Sunday by blanking the Canadiens 3-0 at Chicago.

Freshman goalie Denis DeJordy fashioned the shutout and a revamped Scooter Line — Doug Mohns, Ken Wharram and Stan Mikita — took care of the

scoring as the Hawks ended a month of frustrating Sundays against the defending regular-season champs.

Twice before — on Jan. 3 and Jan. 17 — the Hawks lost to Montreal on Chicago ice, each time when a victory would have overhauled the league leaders. By winning Sunday, Chicago inched to within two points of the Canadiens.

Third-place Toronto and fourth-place Detroit also closed the gap, the Maple Leafs with a 4-2 decision over Boston and the Red Wings with a 4-1 triumph over New York. Toronto is six points behind Montreal, Detroit seven.

CROTHERS IS BOSTON STAR

BOSTON (AP) — Bill Crothers, the flying pharmacist from Toronto who wants to run 800 yards in under 1:09, was the outstanding performer in the 76th Boston AA Games.

For his third victory in as many nights in indoor track's version of an international endurance test, the 24-year-old Olympian came from last and won the 600 in a brilliant 1:09.3 Saturday night.

But Crothers had to share the spotlight with a trio of newcomers to the indoor shows — hurdler Courtland Gray of the Naval Academy and New Zealand distance men John Davies and Bill Bailie.

Gray was appearing in his first—and perhaps only—invitation meet and his second board effort. He took the 45-year high hurdles in 5.5 seconds, tying the Boston Garden record held by Harrison Dillard and Lee Calhoun.

Davis' only previous board attempt produced a second in the Millrose Mile Thursday. He captured the BAA mile in a local indoor record time of 4:03.0.

Ecker And Morris Lead Bullets To 73-62 Win Over American U. Quint

Gettysburg's native product, Roger Ecker, and Junior Bob Morris, Annville, came off the bench to give a superb performance in leading the Gettysburg College basketball team to a 73-62 win over American University here Saturday evening before a large nonstudent body crowd.

The fans who witnessed Saturday's tilt will attest that the game was far from being one of the better played affairs but they will acknowledge the fact that both Ecker and Morris came to the front when called upon. Ecker replaced Chuck Richardson early in the game when the Bergenfield, N. J., Junior injured his right ankle. Ecker then went on to pull down a game high of 12 rebounds, nine coming in the important come-from-behind second half. He also poured through 10 points on five of 11 shots. Six tallies were scored on tapped rebounds.

Morris replaced Dave Yates in the starting lineup for his first opening assignment since coming to Gettysburg. Morris hit on jumpers from the deep left and right sides of the foul lanes. He ended with nine of 18 field shots and one free throw for 19 points. The scoring honors went to veteran Chris Sirms who made good on 11 of 19 shots for 22 tallies, the second time he has hit that figure this season.

WEAK SHOOTING
Both teams were far from playing up to their potential. American landed 23 of 64 field shots while Gettysburg hit on a sad 33 for 83. The Eagles stayed in the ball game by swishing 16 of 19 free throws while the Bullets made seven of 18. Gettysburg won out in the rebound department 66-49.

American took a quick 5-0 lead and remained in the lead well over half the ball game. At intermission the Eagles were on top 32-28. The Bullets made their first bid for the lead at 17:43 when Chris Sirms pushed a shot from the corner to knot the count at 34-34. During the next 8:57 minutes, the lead changed hands five times. Finally at 8:46 Jim Ruck tossed in a two-handed hook to put Gettysburg in front for good at 50-49. Ecker and Morris contributed greatly in the last eight minutes of the contest.

Ben Still, who also landed 11 of his 19 shots from the field, topped the visitors with 22 tallies. Bill Mason was top rebounder for the Eagles with 10. The loss was American's 11th in 15 games.

FACE DIPLOMATS

Bob Hulton's cagers, 6-5 on the season, will journey to Lancaster Wednesday to tangle with Franklin and Marshall. John Carpenter's Frosh return to action following the semester break by meeting the Dip yearlings in the preliminary contest.

WILBUR WOOD TOP PROSPECT FOR PIRATES

Associated Press Sports Writer
NEW YORK (AP) — Four years ago Wilbur Wood was the brightest young pitching prospect in the Boston Red Sox chain. Although a native of Cambridge, Mass., home of famed Harvard University, it was obvious that the bearded southpaw needed more schooling and the Red Sox were determined that he get it in the minor leagues.

Then, just when it seemed that young Wood had absorbed sufficient pitching knowledge to matriculate to the parent club, he abruptly was sold to the Pittsburgh Pirates.

It seems odd that a club, in need of pitching as the Red Sox have been for years, should dispose of a strong-armed 23-year-old who gave evidence last year that he was ready to pitch in the major leagues.

8 ROOKIE HURLERS
Toiling at Seattle in 1964, Wood won 15 while losing eight. He struck out 197 batters in 211 innings. His 19 complete games was high in the Pacific Coast League. He also turned in a 2.30 earned run average, third high in the Triple A circuit.

Wood will be one of eight rookie hurlers reporting to the Pirates' training camp at Fort Myers, Fla., later this month. Exceeding Bill Knoe, a 22-year-old right-hander currently in the service, none of the others had a winning total that reached double figures last year. Knoe won 11 and lost 15 at Columbus.

Frank Bork, a 24-year-old left-hander who stands 6-foot-3 and weighs 205 pounds, appears to have a chance to win a starting berth despite a 4-5 record at Columbus.

Newly appointed manager Harry Walker, who lists catching behind first stringer Jim Pagnaroni as one of the Pirates' biggest needs, is hopeful that Jerry May continues to impress as he did when he filled in, in an emergency role last September.

In need of a third catcher when Smoky Burgess was sold to the Chicago White Sox, General Manager Joe Brown brought up the 20-year-old May from Asheville, where he batted .249 in 113 games.

Jimmy Price, who batted .251 at Columbus, and Carl Taylor, the high-priced bonus youngster who hit .291 at Kingston, are other catching hopefuls.

ALL IS CHANGED
So by the margin of \$1.88, Archer was scheduled among those who must first qualify rounds, take undesirable starting times and otherwise suffer with the tour proletarians.

On Sunday, the 6-foot-6 golfing cowboy from nearby Gilroy changed all this for the rest of the year with 38 tournaments to go. He also qualified for the Tournament of Champions in Las Vegas, the National PGA Tournament and put himself in solid position to win an invitation to the Masters.

Archer beat Charles with an eight-foot birdie putt after birdies on the three final holes of the regulation round gave him a 68 and 278 — six under par — for the 72 holes.

THREE UNDER PAR
An immediate benefit was automatic entry into this week's \$100,000 Bob Hope Desert Classic starting Wednesday in Palm Springs, Calif. In the complicated competition, 128 pros and 384 amateurs play four courses to start, ending up on the Bermuda Dunes course the final day.

Archer won his first tournament by shooting a last-round, three-under-par 68 over the Harding Park municipal course for a 72-hole total of 278. Charles, only left-handed golfer in history to win a PGA tournament, had a 69 to tie.

Finishing at 281 were third-placers George Knudson and Gardner Dickinson. Bud Holscher and Billy Maxwell of Indianapolis ended at 282.

By THE ASSOCIATED PRESS
The Quebec Aces had to scramble to keep up with team-mate Terry Gray but they managed to match his five-of-a-kind.

Gray scored five goals, one short of the American Hockey League record, as the Aces rattled Baltimore 10-3 Sunday night and stretched their Eastern Division lead to 12 points over idle Hershey, Don Blackburn, Wayne Hicks, John Hanna, Bill Sutherland and Jacques Nolin completed the rout.

Rochester, 14 points in front in the Western Division, trimmed Pittsburgh 6-3; Buffalo, second to the Americans in the West, nipped Springfield 5-4 in overtime and Cleveland beat Providence 3-1.

Goals by Stan Smrke and Wally Boyer, only 23 seconds apart, put Rochester ahead to stay early in the second period.

**LISTON FREE,
SNOW DELAYS
ROAD WORK**

DENVER (AP) — Stormy weather has put off for a couple of days the road training plans drawn up for former heavyweight champion Sonny Liston following his acquittal on drunk-driving charges.

"If you've had a beer don't drive with nobody — walk," was Liston's comment Saturday after the six-member County Court jury found him innocent.

Denver police officers had testified Liston was intoxicated Christmas Day when he drove his 1965 yellow Cadillac into an East Denver restaurant parking lot.

SNOW IN DENVER
Immediately after the trial, promoters of his return bout with champion Cassius Clay said Liston would begin road work today for the match tentatively set for about May 1 in Boston.

More than six inches of snow fell in the Denver area Sunday night, halting any outdoor work for Liston for a day or two. Liston is scheduled to go to Plymouth, Mass., about March 10 to complete his training.

OBJECT TO TREATMENT
Liston testified at his trial that he had two egg-nogs with brandy and a beer before his arrest, but denied he was intoxicated. Liston acknowledged he was belligerent when three officers, who had been having coffee at the restaurant, arrested him.

But he claimed the treatment he received from the officers would have "made a preacher belligerent."

"I felt I was being picked on," Liston said.

He told the jury he felt he was arrested not because he was drunk "but because I was Sonny Liston."

ADVERTISE IN THE TIMES

PENN TOSSES G-BURG MAT OUTFIT 17-13

Despite another outstanding pin by junior Joe Bavaro, the Gettysburg College wrestling team dropped a close thrilling 17-13 decision to the University of Pennsylvania Saturday afternoon on the winner's mats. The setback snapped a four-meet win streak for the Bullets who are now 6-2 on the season. Penn is even at 2-2.

When the Bullets hit the scales, they found out that the Quakers were pulling some fancy strategy by dropping every man one weight class in order to strengthen the weak classes and to also get away from Gettysburg's middle events. The maneuver paid off but not before the Bullets had put up a game fight throughout.

Doug Hight, the little Westfield, N. J., lightweight, got Gettysburg off to a flying start by pinning Jim Pillard in 1:18 of the third period. After both men battled to a 3-3 tie, Hight got his opponent in a cradle in the third period to set the stage for the five-pointer. After Penn picked up six points on a pair of decisions, Scott Higgins and Bavor went to work to put Gettysburg back in a 13-6 lead after five bouts with three to go.

TWO STAY UNBEATEN
Higgins, a 5'10" sophomore, ran his unbeaten string to seven in a row as he walloped John Boyd 11-0 in the 147-pound event. Higgins just missed a pin in the first period and was unable to get back into the same situation in the last two frames. Penn's John Traud held Bavaro for three minutes before the Bullet 157-pound ace bolted out in 41 seconds of the second period to throw his foe to the mats. The pin was Bavaro's eighth straight.

Gettysburg failed to gain points in the final three bouts thus losing the team count by the narrow margin. Bruce Jacobson contributed to the Quaker's point production by pinning Gettysburg's heavyweight Joe Egresitz in 2:10 of the second period.

Coach Ray Reider's grapplers will have another tough test ahead of them next Saturday when they take on Temple's powerful undefeated Owls in the physical education building mats. A capacity crowd is expected to be on hand.

The results:
123-Doug Hight, G, pinned Jim Pillard, 7:18; 130-Dick Sofman, P, decisioned Jake Seitz, 10-0; 137-Mike Schiffman, P, decisioned Chris Ebert, 8-5; 147-Scott Higgins, G, decisioned John Boyd, 11-0; 157-Joe Bavaro, G, pinned John Traud, 3:41; 167-Jerry Gates, P, decisioned Bill Andrews, 14-7; Steve Sawyer, P, decisioned Toby Mullin, 2-0; heavyweight—Bruce Jacobson, P, pinned Joe Egresitz, 5:10.

**DEAN CHANCE
AND RESSLER
TO BE HONORED**

PHILADELPHIA (AP) — The Philadelphia Sports Writers Association honors pitcher Dean Chance of the Los Angeles Angels and All-America lineman Glenn Ressler of Penn State at its annual dinner tonight.

The highlight of the dinner, expected to draw a sellout of more than 1,000 persons, will be the presentation of an award to the nation's most courageous athlete. The recipient of this award is not disclosed until the actual announcement.

Chance, star right-hander of the Angeles, will receive the S. O. (Sog) Grauley Award as America's outstanding athlete of 1964. He previously won the Cy Young Award, symbolic of the outstanding pitcher in the major leagues. The Grauley award is given in memory of the late Philadelphia Inquirer sports editor.

Ressler, who has signed a contract with the Baltimore Colts of the National Football League, will be honored as the outstanding college football lineman of 1964. It will mark Ressler's second appearance in Philadelphia in a week. Last Monday he was given the Maxwell Award.

**3 HORSEMEN
AT SERVICES**

PITTSBURGH (AP) — A solemn high requiem mass was sung at St. Paul's Cathedral Saturday for Harry Stuhldreher, the quarterback of Notre Dame's famed Four Horsemen of Notre Dame.

Stuhldreher, 63, a U.S. Steel Corp. executive, died last Tuesday in West Penn Hospital.

Attending the services were the other three Horsemen—fullback Elmer Layden and halfbacks Don Miller and Jim Crowley. They were honorary pallbearers.

Other honorary pallbearers included Rip Miller, Joe Bach, Chuck Collins and Adam Walsh. They are the surviving members of the Seven Mules, the linemen on the Notre Dame team in 1924, the year the late Grantland Rice named the backs the Four Horsemen.

Commuter Train Makes Its Last Run On Friday

By ROBERT L. SHAFFER
Associated Press Writer

CLEVELAND (AP)—The conductor kissed the ladies goodbye at every stop, passengers passed a bottle of scotch to toast the sad occasion, and 17-year-old John E. Eles rode in the locomotive wearing an engineer's cap.

That was the way it went as engine No. 8849 pulled the last Pennsylvania Railroad commuter train from Cleveland to Youngstown Friday. The trip wrote final to all Pennsylvania passenger operations out of Cleveland.

40 ARE ABOARD

Only 40 commuters rode the last train. Ticketmaster Orestes E. Gallucci recalled that during World War II "There would be so many passengers you'd have to push them into the cars to get the doors closed."

Swelling the crowd Friday were 40 members of the Early Settlers Association, a group that commemorates historic Cleveland events, and a handful of railroad buffs.

Eles, a senior at Cleveland Heights High School, got to ride up front because of a letter he wrote to Pennsylvania President A. J. Greenough, telling him of his lifetime dream of riding a passenger locomotive. With passenger service diminishing—not only on the Pennsy but other lines as well — it looked as though there might not be many more opportunities to make that dream come true.

RECEIVED CAP

"I not only got to ride in the locomotive, but they gave me an engineer's cap and sent an official of the railroad to ride along and explain anything I wanted to know," said an excited Eles after returning by bus to Cleveland.

There was much to see, but the thing John got the biggest kick out of was "watching the conductor kiss all the ladies goodbye."

John, who has "about 100 units" in his model train collection, has been watching sadly the decline in passenger train service.

He has also a large collection of souvenirs. The place of honor in the collection, he said, will go to a batch of signs intended for passengers at the Pennsy's East 55th Street Station.

John can pick them up today. The railroad has no more use for them.

WASHINGTON (AP) — If the world seems unusually quiet these days, even dull, one reason is that President John F. Kennedy and Premier Khrushchev were better actors, travelers and talkers than their successors.

With them gone, this has become the era of the technicians in Washington and Moscow. But those two capitals aren't the only places where the sparkle has diminished.

The pulse of the world has slowed down because there is not one truly dramatic figure left, or in sight, to make it skip a beat except for French President Charles de Gaulle, and he's old and he's been playing it cool.

KENNEDY GOOD SHOW

Yet this century has had its share of vivid men, particularly these: Three presidents, Wilson and the two Roosevelts, the Kaiser, Sir Winston Churchill, Lenin, Stalin, Trotsky, Hitler, Mussolini, Gandhi, Nehru.

President Johnson is at his best operating behind the scenes. There's hardly a peep out of the men who took Khrushchev's place.

Kennedy kept American eyes and expectations fixed on the White House if only because his televised news conferences were always a good show: His wit, his gestures, his facial expressions, his sharp intelligence.

And there was no end of excitement, even in his first year with his big boner in backing the disastrous Cuban invasion, his trip to Europe, his summit meeting with Khrushchev, his stand on the Berlin wall.

AVOIDS TV SESSIONS

Johnson talks a lot and even performs a bit, like pulling the Beagle's ears or grabbing tourists' hands, but he is not at his best in speaking or writing. He reportedly bristles when anyone suggests he's corny.

He holds news conferences everywhere — in his office, on

from GE in 1955 after a 44-year career in which he was instrumental in the development of vacuum tubes and electronic circuits. He was born in Brooklyn.

LONDON (AP) — Impresario Jack Hylton, 72, who started his stage career at age 10, died Friday. Hylton was a pianist and conductor of theater orchestras before he formed his own band and toured the United States and the Continent in the 1920s. He became a theatrical manager in 1935 and staged many London productions.

Says Pregnancy Is Not A Disease

VENTURA, Calif. (AP) — Employees can't get sick leave if they get pregnant, the Ventura County Civil Service Commission has ruled, because "pregnancy is not a disease."

Commissioner Kenneth Haymaker, a Ventura attorney, offered this alternative: "Pregnancy might qualify," he said, "if they can prove it was an accident."

The vote on the issue was 4-0. Commissioner Onorinda Jones of Camarillo abstained because "I don't know about this. I have two cats and a dog, but no children."

WASHINGTON (AP) — Countess Laszlo Sezechenyi, 78, the last surviving child of the late Cornelius and Alice Vanderbilt, died Friday. The Newport, R.I., society leader, who had been in failing health for some time, had married the Hungarian count in 1908. He served as Hungary's minister to the United States from 1921 to 1933. He died in 1938.

the White House lawn, at his ranch, and Wednesday in his bedroom — but almost all are out of public view because he deliberately avoids news sessions on television.

Johnson has stayed close to home and out of dramatic situations. His tendency has been to soft-pedal, not dramatize, unpleasant events like the riots in Panama last year or the deteriorating war in Viet Nam.

KREMLIN SPEECHLESS

In the end he may prove far superior to Kennedy in accomplishments but it seems sure now he's not in the same class with Kennedy as an actor.

Just a little over 100 days ago Khrushchev was put in limbo by his Kremlin colleagues. His place was taken by a two-man leadership: Premier Kosygin and Soviet Communist Party Chief Leonid Brezhnev.

They've been practically speechless ever since. The party explained one reason they moved in was because Khrushchev had become too much of a one-man show. They called it a leadership cult.

WILSON LACKS FIRE

Kosygin and Brezhnev—compared with the bouncy, flamboyant, sometimes giddy, merry, somber, cheerful, threatening, coaxing, cajoling, beguiling and always forceful Khrushchev—are as undramatic as a grocer taking inventory.

De Gaulle doesn't say much but he's one man who doesn't have to. More than any modern leader he could make a grand spectacle out of silence. If he just leads a parade, with his nose in the air he can make it look like an expedition against the gates of time.

Harold Wilson, the British prime minister, is no fiery figure, either. He acts like a technician, too. Chiang Kai-shek is still alive but he was always a dead-pan leader.

Red China's Mao Tse-tung is the one midcentury man who might have been expected to keep thunder rolling with his pronouncements but he has stayed in the background, letting his aides do most of the talking.

ERRATIC STORK BRINGS BABIES AT ODD TIMES

DES MOINES, Iowa (AP) — Mrs. Willis Condon Jr., a pretty brunette, remarked today that the stork picks odd times to bring her babies.

As fire raged in the old north wing of Des Moines General Hospital Friday Mrs. Condon, 33, gave birth to her third child and was one of 82 patients safely evacuated.

City officials praised the way doctors, nurses and attendants carried or escorted patients down steps and fire escapes into zero weather to temporary places of refuge.

Mrs. Condon regained consciousness as the chill air hit her. Later at Wilden Hospital with her baby boy she recalled that she had to go through a flood at Iowa City eight years ago and almost missed reaching the hospital for her first baby.

She bore her second child during a heat wave and it died 26 days after birth.

Mrs. Alice Nuzum, Des Moines general administrator, said a blowtorch used in renovation work on the wooden wing built in the 1890s apparently caused the fire. A modern wing completed in 1956 suffered only smoke and water damage.

Leaves Bulk Of Estate To Husband

HOLLYWOOD (AP) — Jeanette MacDonald bequeathed the bulk of her estate, described only as being "in excess of \$10,000," to her husband, actor Gene Raymond.

Miss MacDonald's will was filed for probate Friday. She died Jan. 14.

In the will she gave personal property and "objects of adornment" to many of her Hollywood friends.

Singer Nelson Eddy, her screen partner for many movies, received a motion picture print of their movie "Rose Marie."

The Music Academy of the West, in Santa Barbara, Calif., was bequeathed all of Miss MacDonald's costumes, evening gowns, wigs and jewelry.

Two Are Killed In Two-Car Collision

PHILADELPHIA (AP) — Two persons were killed and four others were injured, one critically, in a two-car crash early Saturday on the Benjamin Franklin Bridge, which links Camden, N. J., and Philadelphia.

Dead was Victor Ocasio, 25, of Bronx, N.Y., driver of one of the cars, and Ronald Harris, 19, of Camden, traveling in the other auto.

Ocasio's wife, Josephine, was taken to Hahnemann Hospital in critical condition.

Three other passengers suffered minor injuries and were treated and released from Hahnemann Hospital in critical condition.

FORMER DEPUTY DIES IN MOSCOW

MOSCOW (AP)—Frol R. Kozlov, a former first deputy premier, is dead, Tass reported today.

Late last year, Kozlov was removed—apparently because of his failing health—as first deputy premier. At the time of his death, 56, he was reported to have had a stroke about two years ago. He had been a powerful Soviet figure, in that post and in the secretariat of the Communist party.

Kozlov became a familiar figure to many Americans early in 1959 when he visited and toured the United States as an advance man for the visit of then Premier Nikita Khrushchev. He was considered then the No. 2 man in the Soviet Union and heir apparent to Khrushchev. Khrushchev was overthrown last October.

A Lovelier You

By MARY SUE MILLER

Cosmetic science has established the fact that dry skin and fine lines are caused by the lack

of moisture, as well as sebaceous oils. What's more, the skin's natural supply of moisture begins to dwindle after the ripe old age of 20.

The process is hastened by climatic conditions—excessive dry heat and cold, both indoors and outdoors. While heat and sun were once thought to be the principal drying elements, it is now known that harsh winds and icy temperatures also have a dehydrating effect. That is why the skin chaps and flakes in wintry weather.

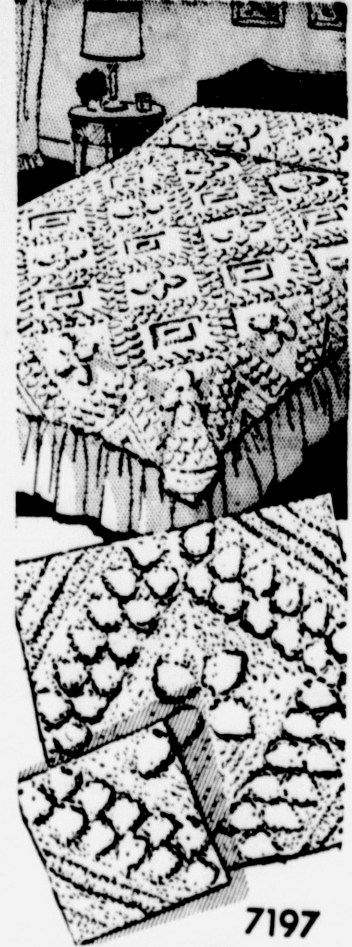

Probably, if we all lived in London's foggy dews and damps, we would have one less complexion problem. Happily the look of dewiness can be restored to our skins, in spite of the deprivations of wither and winter.

The trick is turned with a moisturizer, a cosmetic too many women ignore. In liquid or cream form, an application helps to hold the natural moisture from within onto the skin. It also acts as a barrier to drying elements from without.

As moisturizers lie invisible on the skin, they can be worn at any time. When you smooth on a little after cleansing and before making up, your skin benefits and your make-up stays fresh longer.

And that just about adds up to the bloom of a springtime complexion. At later seasons, later

DANNY THOMAS IS KEPT BUSY IN RETIREMENT

By BOB THOMAS

HOLLYWOOD (AP) — The Squire of Cherry Valley, otherwise known as Danny Thomas, came to town to pursue his trade of telling jokes, thus being able to retain his position as the Squire of Cherry Valley.

Danny is able to see more of his acreage near Beaumont, Calif., but not as much as he expected when he quit his weekly television show last year. Then he announced that because of constant strain, plus a callous on his vocal cord that required daily medication, he was ending the series after its 11th season.

BUSIER THAN EVER

As everyone expected, he did not retire to his ranch. He is as busy as ever.

What happened?

"People found out I had time," he explained. "They found things for me to do."

He ticked off some of his assignments: night club dates in Las Vegas, Lake Tahoe, Miami; benefits here, there and everywhere; and his five specials for NBC this season, the next on Feb. 14, not to mention his going enterprises in TV filming — Dick Van Dyke, Andy Griffith, Gomer Pyle, Bill Dana, "Tycoon," etc.

"But I do get some time at the ranch," Danny reported, "and believe me when I say it is like dying and going to Heaven."

I asked Danny about the place.

CALLED "AMOS'S FOLLY"

"You mean you haven't been to Amos's Folly?" said the comic — real name: Amos Jacobs. "You haven't lived! Why, I figure every blade of grass cost me \$80—and I've got 116 acres! We raise alfalfa and cattle. So far, I'm only losing \$16 a head on the cattle. But I'm hoping to get it down to \$12."

He relayed the comment of one of his comedy writers who surveyed the ranch and cracked: "You don't need the United States. Why don't you secede?"

SAT FOR SPECIALS

Danny admitted that he still doesn't see as much of the place as he would like.

"I steal five or six days at a time, something I could never do before," he said. "But if I were to have an entire two weeks there — that would really be Heaven."

"It won't happen this year, and probably not next year, either. I am committed to four specials for NBC, and they take time. There is about a week in planning, two weeks in writing, a week in rewriting, five days of rehearsing, then the show. That eats up a month right there."

"But after next season Old Dan is really going to put the brakes on. I'd like to make a movie a year and otherwise spread myself thin."

Many Taxpayers Face Jolt In Figuring '64 Tax Return

EDITOR'S NOTE: If you've started on your income tax and feel even more queasy than usual there's good reason. But don't despair, some help may be on the way. Here is a report.

By EDMOND LE BRETON
WASHINGTON (AP) —

There's a jolt in store this spring for many taxpayers who will find they owe Uncle Sam more than they thought. There is some comfort for them, too.

Congress may act before long to relieve permanently the problem of underwithholding of income tax.

As matters stand now, both a one-time and a continuing problem bring bad news.

The one-time problem results from the way the income tax cut Congress voted last year was put into effect.

INCOME INCREASES

The continuing problem is created by a contradiction — income tax rates go up as an individual's income increases, but the tables that guide employers in withholding income tax from their employees' wages are based on a flat percentage — 14 per cent since the tax cut.

The obvious answer to the permanent problem would be to institute graduated withholding — taking a higher percentage, not merely a higher amount, from the paychecks of higher-paid employees. This possibility figures on an informal list of matters the House Ways and Means Committee intends to study — but there are more pressing matters ahead and the committee may not get to it this year.

SHORT-RANGE PROBLEM

This is how the short-range problem came about:

The \$11.6 billion income tax cut voted in 1964 was designed to take effect in two steps. As originally written, the legislation provided for withholding also to be reduced in two steps. The withholding rate was 18 per cent before the cut. It was to drop to 15 per cent on 1964 income, then to 14 per cent permanently, beginning with 1965 income.

But this assumed that Congress would finish action on the bill before Jan. 1, 1964. Instead, final passage came in February. So withholding at the old rate of 18 per cent continued during the first two months of 1964.

BILL AMENDED

At the urging of the administration, which wanted the effects of the tax cut felt as quickly as possible, the bill was amended before final passage to drop the withholding rate all the way to 14 per cent.

But two months at 18 per cent and 10 months at 14 per cent are not quite equivalent to 12

months at 15 per cent, so there was a substantial amount of underwithholding.

This is why many taxpayers may not get as big a refund this year as they had counted on. They may even have to come up with unforeseen extra payments.

MANY HAVE CREDIT

Over-all, and perhaps because many taxpayers deliberately arranged for it, there is over-withholding every year. In recent years the Treasury has been refunding more than \$5 billion annually to taxpayers. This year, the President's economic report estimates, the aggregate refund will be cut by about \$1 billion.

There have been some proposals in Congress to allow taxpayers caught with a substantial amount still owed to pay it in installments. So far there has been no action in this area.

In any case, now that tax rates and withholding are about in the same balance as they were before 1964, there should not be a repetition of this year's taxpayer unhappiness.

SERIOUS PROBLEM

But the routine underwithholding of tax from a substantial number of wage and salary earners continues and it becomes a bit more serious every year as the general level of pay increases. Revenue specialists say most of the trouble is concentrated in the bracket roughly between \$7,500 and \$15,000 annual earnings.

Incidentally, anyone who knows the withholding from his pay is insufficient to cover his tax liability can do something about it without waiting for Congress. He can forego some of his exemptions and, if this is not enough, he can ask his employer to withhold an extra amount.

SEVERE STORM LASHES PARTS OF U. S. TODAY

By THE ASSOCIATED PRESS

A massive storm carrying heavy snow and powerful winds lashed portions of the Northwest and Midwest today while extreme cold stung portions of the South and Florida.

Blizzard conditions prevailed from Minnesota and South Dakota southward through Missouri and Kansas. Cold-wave warnings were issued for north-eastern New Mexico.

Heavy snow and hazardous-driving warnings were posted for Illinois, Ohio, southern Wisconsin and Lower Michigan where the U.S. Weather Bureau predicted 4 to 6-inch snow accumulations.

HEAVY SNOWFALL

Four inches of snow fell in Denver, Colo., in a six-hour period and winds gusted up to 45 miles per hour, reducing visibility to zero.

Five inches fell in Minneapolis, 3 in Rochester and Alexandria, Minn., and Lone Rock, Wis.

Some winds reached up to 60 m.p.h. in South Dakota and Nebraska. Broken bow in central Nebraska reported wind gusts up to 80 m.p.h.

A hard freeze struck northern Florida and frost and freezing temperatures prevailed in most of the southern sector.

The storm began in Montana early Sunday and moved swiftly in a wide belt toward the Midwest. Rock slides in Idaho closed U.S. 12.

GUSTY WINDS

Gusty winds and heavy snow swept through Colorado, closing mountain passes.

Motorists were stalled on Denver streets. The temperature dropped 26 degrees in one hour after the storm hit the state. Eight hundred skiers evacuated from Lake Eldora in the Rocky Mountains during the morning were trapped by drifts up to 15 feet.

A drop of temperatures in Idaho eased the flood danger as the snowpack runoff was retarded. An estimated 200 persons were still homeless by a week of flooding.

New Mexico highways were shrouded by dust whipped by 40-50 m.p.h. winds. High winds and blowing snow cut visibility in Nebraska.

PLANE CRASHES

A light plane crashed during a swirling snow storm near El Paso in north-central Illinois. State police said the three passengers were killed.

Miami, Fla., registered 40 Sunday. Other Florida lows were 26 in Pensacola and 27 in

At least five traffic deaths in North Carolina were attributed to the weather.

A mammoth earth slide in a deep canyon dammed the Willson River near Tillamook, Ore., Sunday and a lake four miles long built up behind the debris.

An estimated 600 persons were evacuated from homes in the path of the dammed-up water. State police said later it looked as if the river would carve a route through the dam and empty the lake slowly into Tillamook Bay and the sea.

The slide came as flooding conditions improved in Oregon. Rains stopped. Temperatures dropped and rivers fell in Washington. But the Yakima River undercut a railroad fill, toppling a branch line into the river.

At Alta, Utah, a skiing area, some 300 persons rounded out a week cut off by avalanches and their evacuation was begun.

SEN. KENNEDY STEALS SHOW AT N. Y. DINNER

By MIKE RATHET
Associated Press Sports Writer

NEW YORK (AP) — "I understand Yogi Berra is writing a book," said U.S. Senator Robert Kennedy with a boyish grin. "It's called 'Lucky To Be A Yankee'—as told to Mel Allen."

With that quip about the two fired members of the New York Yankee official family, Kennedy hit a grand-slam homer at the awards dinner of the New York Chapter of the Baseball Writers Association of America after being introduced as "the only man on the dais with his own baseball team."

The show belonged to star players Brooks Robinson and Elston Howard, Hall of Famer Zach Wheat and veteran umpire Jocko Conlan but Kennedy, batting in the clean-up spot among the speakers, stole the spotlight with a varied array of one-liners.

FULL OF QUIPS

The Democratic senator from New York, stepped to the speakers' rostrum after his introduction and said he first wanted to pay tribute to the writers, who sometimes are the subject of considerable abuse.

"I have difficulty believing," he said, "those things Ted Williams said about you."

Then he looked down the dais, and pointed to Johnny Keane, who managed the St. Louis Cardinals to a World Series victory, then quit and signed with the Yankees.

"Keane's new to New York," said Kennedy, "and he's asked me to be his guide."

He pointed out that no one had accused Keane of being a carthumper but said considering everything he preferred politics to sports because "I'm happier being a U.S. senator than a Washington Senator. You stay around longer and the pay's better."

Kennedy's quips followed the presentation of awards Robinson, Baltimore's third baseman, and the American League's Most Valuable Player, received the Sid Mercer Memorial Award as Player of the Year. Howard, the Yankees' catcher, was given the Ben Epstein Good Guy Award.

Wheat, former member of the Brooklyn Dodgers, received the Retroactive Award for past performances, and Conlan received the Bill Slocum Award for long and meritorious service to baseball.

Notes Upsurge In Crime In Phila.

PHILADELPHIA (AP) — Police Commissioner Howard R. Leary says major crime in Philadelphia during 1964 increased 9.1 per cent over 1963.

Only a large comparative decrease in December, when major crimes were down 7.2 per cent from the year before, kept the increase from surging well above 11 per cent, according to figures released Friday by Leary.

Noticeable was a sharp boost in homicides — 125 to 158, and auto theft, 5,603 to 6,996, Leary reported. Only the larceny category showed a decrease in Leary's report, 4,449 to 4,443.

QUEEN GOES TO ETHIOPIA FOR 8 DAYS

LONDON (AP) — Queen Elizabeth II and her husband Prince Philip flew to Ethiopia today on an eight-day state visit as guests of Emperor Haile Selassie.

The royal visit — the first to Ethiopia by a British monarch — will help focus attention on the ancient nation as a center for Africa's young emerging nations.

The emperor, dominant ruler for 48 years, has ordered Addis Ababa spruced up for the queen's visit. A new highway has been built from the airport and a new wing adorns the emperor's palace.

Queen Elizabeth will spend four days in the capital and then take a tour of selected spots in the rugged interior. She is expected to spend a night in mountain ranges 10,000 feet high near the formal capital of Gondar, and visit Lake Tana, source of the Blue Nile.

TO VISIT SUDAN

The royal couple will then fly to the Sudan, formerly part of the British Empire. The queen will return to Buckingham Palace Feb. 12 after a four-day visit but Prince Philip will travel another 21,000 miles before he reaches London six weeks later.

He will spend a week in Australia, 10 days in India, four days in Pakistan and six days with British troops in Malaysia.

Some reservations had been expressed here about the visit to the Sudan, because of a coup d'etat last year and subsequent rioting.

The queen, however, was reported by friends to be assured she would receive a friendly welcome.

Get rid of burnable trash indoors for only pennies a day without smoke or odor in a GAS Incinerator

Big Capacity—New gas incinerators will hold about 1½ bushels of wrapped garbage and burnable trash.

Complete Disposal—Just set automatic timer. The gas flame burns everything burnable.

Smokeless, Odorless—The gas flame completely consumes smoke, fly ash and all odors. Clean air is exhausted out the flue and into the chimney.

No Mess—A fine, gray, cigarette-type ash is collected in a convenient, pullout drawer. Depending on your usage, it need be emptied only a few times a month.

Modern Design—Gas incinerators are styled as modern as other appliances in your utility room.

New smokeless, odorless gas incinerators are available in this area at appliance stores, department stores, plumbing and heating contractors. For complete information call your Gas Company office.

SCRANTON TO CITE NEED FOR \$10 BILLION FOR ROAD WORK

By THE ASSOCIATED PRESS
HARRISBURG (AP) — Gov. Scranton is expected to tell the General Assembly today that Pennsylvania needs \$10 billion in new roads in the next 10 years.

An informed source said Sunday this proposal will be the heart of the Republican governor's highways message to be delivered before a joint session of the legislature.

Both Houses get back to work today after an abbreviated business session last week.

NO RECOMMENDATIONS
Scranton is expected to outline possibilities for financing the new roads. But, the source added, no specific legislative recommendations will be made during Scranton's last two years in office.

In another weekend development, House Democrats said they plan a statewide series of hearings on the politically-explosive subject of legislative re-apportionment.

This plan, announced by Rep. Harry R. J. Comer, D-Philadelphia, puts the death knell on Scranton's hopes for a bipartisan approach. Comer is chairman of the House Committee on Elections and Apportionment.

INVITE SCRANTON
Democrats hold a 116-93 majority in the House.

Scranton is invited to testify, but Democrats will conduct the hearings alone. Comer emphasized in an interview. The hearings will be held at various locations on Saturdays between Feb. 6 and April 10.

The Senate, which is under control of Republicans, has not been advised of the plans for hearings on reapportionment, Comer said.

SEPT. 1 DEADLINE
The Pennsylvania Supreme Court has ordered the legislature to redistrict itself by Sept. 1 on the "one-man, one-vote" principle laid down last summer by the U.S. Supreme Court.

The State Supreme Court, citing the same principle, declared unconstitutional the 1963 Reapportionment Act which was passed by Republicans.

The governor has suggested formation of a bipartisan committee to take the subject under consideration. The committee, under Scranton's plan, would include members from outside the legislature.

LID NAILED DOWN
But Democratic leaders rejected this idea and Comer's announcement nails down the lid on Scranton's chances.

Schedule for the hearings include: Harrisburg, Feb. 6; Wilkes-Barre, Feb. 27; Williamsport, March 6; Pittsburgh, March 13; Erie, March 20; Altoona, March 27; Philadelphia, April 3, and Harrisburg again on April 10.

No dates have yet been set for public hearings on Scranton's proposed \$1.261 billion budget for fiscal 1965-66 which was unveiled last week.

The chairman of the House Appropriations Committee, Rep. Martin P. Mullen, D-Philadelphia, said it would be at least another week before the start of hearings.

Ex-Nazi Leader Has Eye Surgery

BERLIN (AP) — Baldur von Schirach, one of three Nazis held by the wartime Allies in Spandau Prison, underwent an operation Sunday for a detached retina.

A British military spokesman said his condition was satisfactory.

Schirach, 57, a former Nazi youth leader, is due for release next year from a 20-year war crimes sentence.

COUP IN LAOS SUNDAY NIGHT IS A FAILURE

By ESTELLE HOLT
VIENTIANE, Laos, (AP) — An attempted coup Sunday night by a group of young army officers appeared to have failed today.

The officers, headed by Col. Boulert Syossie, met for two hours with army generals and Premier Prince Souvanna Phouma. Souvanna issued a statement afterwards calling the incident a misunderstanding.

The rebels seized the Vientiane radio station and issued a communique which said they wanted to reform the army high command, take control of the army out of the hands of cliques and insure justice. Three companies of troops supported them.

UNDER CONTROL
Souvanna said today the government had everything in hand and that the chief of staff, Gen. Quane Rathikorn, remained in charge.

There have been recent rumblings of dissent among leaders of the Laotian armed forces and some criticism of the chief of staff.

For years Laos has been torn by strife between Communists, nationalists and rightist factions but it was not clear whether the rebel officers belonged to any of these groups. Syossie once lived in the United States.

The pro-Communist Pathet Lao controls two-thirds of the country's 91,000 square miles but only one-third of its 1.8 million people.

DE GAULLE AND WILSON AGREE TO MEET SOON

By ARTHUR L. GAVSHON
LONDON (AP) — Prime Minister Harold Wilson and President Charles de Gaulle, brought together by Sir Winston Churchill's funeral, have agreed to meet soon in Paris.

Associates of Wilson reported the agreement after the two world leaders held a 50-minute meeting Friday at the French Embassy. The informants said the two-nation summit would be held either in late February or early March.

Privately, French sources expressed belief that the informal meeting between Wilson and De Gaulle on the eve of Churchill's funeral had at least broken the ice for talks on outstanding differences.

EASIER FUTURE
"The way toward a better understanding was achieved," said one French source, "and the way to an easier future in relations was opened by the talks."

The talks were described officially by both British and French sources as useful and friendly. However, observers said that there would be no easy solutions to the problems that have brought relations between the two nations to a low point.

At the heart of the dispute remains De Gaulle's concept that a united Europe must be free of U.S. influence. France steadfastly has opposed the U.S.-sponsored Multilateral Force and the newer British-proposed Atlantic Nuclear Force.

Thousands Visit Grave Of Churchill Over Weekend

By COLIN FROST

BLADON, England (AP) — Sir Winston Churchill's grave, a small rectangular plot heaped with wreaths of flowers in a quiet, country churchyard, is attracting thousands of visitors.

Police estimated that more than 125,000 persons filed past the spot in Bladon Sunday where the great statesman was laid to rest Saturday.

Wrapped in coats, blankets and suits, the mourners paused at the graveside at St. Martin's Church to read messages on the wreaths. Many wept.

"To my darling Winston — Clemmie," read one of the wreaths, from Lady Churchill, whom he often referred to as "my darling Clementine."

"BELOVED GRANDPA"

"For our beloved grandpa, from his loving grandchildren, Nicholas, Emma, Jeremy, Charlotte and Rupert," said another.

Bladon, a hamlet of 413 persons in Oxfordshire, had been content to remain in obscurity for centuries. Sunday the crowds streamed into the tiny churchyard, their autos jamming the church's tiny parking lot.

Police officers directed the overflow to a field a half mile down the road.

"This sort of thing is going to happen, possibly not on the same scale, at weekends and holidays from now on," said a Bladon official.

In Melbourne, Australia, Prime Minister Robert Menzies announced plans to raise \$2.24 million for a Churchill memorial trust fund for scholarships.

"We think that there ought to be established, not only here but in other countries and in the United States, a system of Winston Churchill scholarships or fellowships," he said.

The two apparently unrelated developments, announced in Moscow Sunday, led Washington authorities to conclude that the new regime in Moscow has now made some basic foreign policy decisions and is ready to initiate action.

The response to Johnson's initiative, which the President
